

Hello Discover Family,

I've been very busy wrapping up summer and getting ready for the upcoming Holidays. I hope this President's letter finds you all well.

I wanted to take a minute of your time to review our last event in Mission Bay. The grounds were nice, clean and all hook ups were good. It seemed everyone enjoyed the park. I think as the park matures they will have a few more to offer, as in a general store and possibly a restaurant by the pool area. As the security guard told me there are still a lot more they are planning.

The rally was full of laughter and of course games....fun for All! The weather was great, warm and sunny.

The OctoberFest Festivities were plentiful! As I loved how everyone took in the theme and dressed. The German food was fantastic! and who can forget the wonderful singing we were blessed with? The Trail bosses really did a great job with decorations and food to fit the event. Thank You Lois, Tim, Nick and Chris!!

We are looking forward to a fantastic rally in Hemet. This is a new adventure for the Club, as we have never been there. I am sure there will be activities planned, once the itinerary comes out, as it is not until February. Make sure you get your confirmations and deposits in to Nick to secure your spot.

Also a sidenote, please get your annual Discovery Club renewal into Ruthie as soon as possible, as I know the holidays will get you busy and we have to have a count into National level by January. Thank you in advance.

We will also have some guests in Hemet, two couples visiting with us to check us out, ...so let's shine and show them our **fun, friendly family!**

Happy Trails.....Jackie
